

Payment for Multiple Visits to the Same Consumer on the Same Day

If your initial visit (the unmodified claim line for that date or service) for a consumer is denied, any subsequent visits (lines with U2 and U3 modifiers) to that same consumer for the same procedure will be denied also. Therefore, if your initial visit is denied, you must resubmit all denied lines for that day of service.

The same is true if billing for a third (fourth, fifth, etc.) visit when a second visit is denied.
